

Annual Membership Dues

Current and prospective Midwest Air Wing Club Members:

The club is always challenged with having enough member participation in the necessary activities to keep the club healthy and strong. As a result, the club members voted on and approved a membership program to help stimulate participation and reward members who participate in scheduled club activities. At the same time, we recognize not everyone has time in their busy schedules to devote to the non-flying activities necessary to keep the club healthy. Following is the new annual membership dues program to take effect January 1st, 2008.

Midwest Air Wing Annual Club Dues: \$50.00

To achieve this level of annual dues the club member must in the previous calendar year:

- Sign-up and participate in 3 work days (club ground maintenance)
- Sign-up and participate in 1 club scheduled event (IMAC, Fun Fly, etc.)
- Attend in person and vote at the annual election meeting of club officers

For club members who cannot participate in all of the activities outlined above, any combination of each activity can be used to receive a \$50.00 credit toward your annual dues. A maximum of \$250.00 of activity credits can be earned each calendar year.

Activity credits will not be carried forward to upcoming calendar years.

- | | |
|---|---------|
| • Work day (club ground maintenance) credit | \$50.00 |
| • Club scheduled event credit | \$50.00 |
| • Annual election meeting credit | \$50.00 |

Busy club members who cannot participate in any outlined activities (members who only have time enough to enjoy flying) will have dues of \$300.00 annually. Club members are welcome no matter what level of participation they provide.

New Midwest Air Wing Club Dues: \$125.00

New club members are welcome any time during the calendar year. Activity credits can be earned immediately and earned prior to the new member being voted into the club at the regularly scheduled club meetings.

Waivers to activity credits can be requested by sending a letter to the club president stating the reason you are requesting a waiver. Strict confidentiality of these requests will be maintained.

I appreciate everything you do to keep the Midwest Air Wing the premiere RC Club and flying field it is today. Keep it up; together we've got a great future ahead of us!
